

CUTWATER INSURANCE PROGRAM

Superior Coverage Designed Specifically for Cutwater Boats and Their Owners.

In conjunction with Anchor Marine Underwriters, Cutwater Boats has developed an insurance program exclusively for our owners. The program is underwritten Travelers Insurance Company's luxury yacht division and coverage is provided under the Travelers' "Quay Yacht Agreement," a policy normally reserved for mega yachts. The policy has been further enhanced to meet the specific needs of Cutwater Boats owners and provide even broader coverage, while offering very favorable pricing.

The fact that Travelers has offered this program is a testament to Cutwater Boats' quality. Below is a quote from Travelers senior yacht underwriter after visiting our display at the Ft. Lauderdale Boat Show. "Thank you again for introducing us to Cutwater Boats. As a result of that introduction, I did some more research on them and was extremely pleased by the overall craftsmanship. It is our belief that this type of quality boat would attract experienced and discriminating owners."

This program is available through Anchor Marine Underwriters. To learn more about the considerable advantages of this insurance program and the broad coverage it provides or to receive a personal quote, please call or email Bob Schwab at Anchor Marine or visit their website to get an on-line quote.
