Draft (motor down)	30"	0.76 m
Draft (motor up)	19"	0.48 m
Weight, dry	6,200 lbs	2,812 kg
Bridge clearance	9' 11"	3.0 m
Fuel capacity	116 U.S. Gal	439 L
Water capacity	22 U.S. Gal	83.3 L
Hot water tank	3 U.S. Gal	11.4 L
Holding tank capacity	11 U.S. Gal	42 L

The Cutwater 24 Sport Coupe (C-24 SC) is the open version of our popular Cutwater 24 Coupe. Designed and manufactured in the USA. Speed, comfort, value, and FUN all combine for the boat ownership experience of a lifetime. Adventuring solo or with the family, this fast sport cruiser will serve you well. Whether you're new to boating, looking for the perfect fishing machine, enjoying water-sports, or excited to explore distant waterways, you'll be proud of your decision to cruise in a C-24 Sport Coupe.

The C-24 SC is named for its open, airy design that truly brings the outside in. The side windows and rear bulkhead open with removable enclosures that are perfect for keeping you close to the action. The C-24 SC provides all the comforts of home with a private stateroom and head, two sinks with hot and cold water, a third transom mounted sink and shower, microwave, and refrigerator/freezer. The forward stateroom features wrap around seating and a high/low table that drops to complete the forward berth for a comfortable night's sleep. The main salon has a dinette for four that transforms into an additional berth for two.

Powered by a 250 HP outboard, the C-24 SC is fast and efficient. Its advanced hull design incorporates an innovative combination of a 24° deep-V hull for a smooth ride, an 11° keel pad for planing stability, and reversed chines for quick planing, and reduced cornering roll. The double-stepped hull increases efficiency and performance, reduces fuel consumption, and contributes to her quick time to plane. The C-24 SC hull also incorporates our patented Laminar Flow Interrupter technology for smooth, positive cornering.

The C-24 SC comes comfortably equipped to cruise and play. Cutwater Boats include more standard features than any other manufacturer. Standard features on the C-24 SC include a navigation package starring the Garmin 942xs GPS chartplotter with sonar, color Yamaha engine display, VHF radio, Bluetooth enabled stereo entertainment system, LED lighting, marine head with holding tank, sport racks, built-in rod holders, fish box, rear-facing fishing or entertaining seats, integrated transom cooler, concealed ski tow, our patented, built-in trailer lights, foldaway cockpit seating, cockpit bolster cushions, and much more!

If you wish to upgrade your C-24 SC experience, we offer an expansive list of options, such as a generator, air conditioning, diesel heat, electric grill, aluminum trailer, auxiliary motor package, and vibrant hull color upgrades, among others.

Cutwater 24 Sport Coupe Standard Equipment

Performance
